2 of 2 review helpful Good First Draft By Zutron First off I haven't made any of the recipes and they look good My criticism is of the format first it's very short 52 p including indexes and blank pages it's in black and white with no pictures and the worst thing for me there is no calorie or nutritional information I really want to know if this is the only thing I can eat today or is it a reasonable choice for Don't eat dessert first you'll spoil your appetite That's what Mom always said right Well don't tell her we said this but Mom was wrong Now you can have your dessert for breakfast This scrumptious collection of healthy easy to make cookies and breakfast bars will start your day off right Nobody knows breakfast better than Carlene Duda author of Beyond Oatmeal and Completely Breakfast and now she's done it
